

SLOGAN ENTRIES are being sorted by Eddie Knowles, vice president, and Jim Christopher, right, treasurer of the Canyon Chamber of Commerce. The Chamber has an estimated 200 entries in the contest which is to be screened and judged by the Chamber board of directors. Deadline for the contest is Friday midnight postmarks. Entry rules state a five word slogan is the maximum. The winner will receive a cash award of \$50.

Polygraph Says

MORRIS NOT LYING

Eugene "Mercury" Morris was not lying when he told officers he heard someone yell "Hey Nigger!" at him the night of Feb. 11.

This is the opinion of Deputy Sheriff Merle Strickland who gave Morris a lie detector test Tuesday afternoon.

The fleet footed West Texas State University halfback is charged with simple assault in connection with the Feb. 11 beating of Mark Mathews, a Canyon High School student.

"He is not 100 percent

Four File For School Board Post

Four men have filed for election to two places on the Canyon School board.

They are Walter Graham, Bill Davis, Dr. Dudley Moore and Wayne Wirt.

Davis and Graham are incumbents whose terms expire this year.

Election will be held April 5. Deadline for filing is 30 days prior to that date. Prospective candidates should file with Jerry LaGrone, president of the board.

Wirt is a Canyon electrician. He grew up here and operates Wayne Wirt Electric. He has been active in civic affairs over the years.

Dr. Moore has been a practicing physician here for a score of years. He is prominent in civic affairs and youth work and has an interest in all sports, especially baseball.

He currently is serving as county health officer.

Davis is in the insurance business and is a realtor. He is a leader in school and civic work in the community.

Graham is a veteran member of the board. He is a Canyon rancher and nationally known hereford breeder.

Fire Number Noted Here

Canyon Volunteer Fire Department may be reached at 655-2158 by telephone to report a local fire, according to Joe Rice, fire captain.

"We have had several local fire calls received at the Amarillo stations," said Rice, explaining that a report to Amarillo causes a time delay in getting local fire trucks enroute to the blaze.

Citizens are urged to make a notation of the local fire number for future reference and remember when reporting to give the correct address and location of the fire, according to Rice.

sure what he heard," Strickland said after administering the test.

Morris admits having beaten the Mathews boys. He told authorities he gave chase to the station wagon the boy was driving, curbed it and then beat the youth. He said he was angered when the boy yelled "Hey Nigger!" at him as he stood by his car at Morrison's Shamrock Service Station in the 100 block of 23rd Street.

Mathews contends he yelled "Hey Merk!" to the football hero.

On the polygraph, Morris said a station wagon load of boys passed the service station going north and yelled to him. He said he noticed a Tascosa sign on the back window of the vehicle.

The Mathews youngster attended Tascosa last year.

Morris said he gave chase when the station wagon passed the service station a second time headed south.

He related to Strickland that he had been told that a group from Amarillo was going to come down to West Texas State and "raise a rumpus" at a basketball game, presumably intermural.

"I probably wouldn't have done anything if I had known

they were from Canyon," Morris declared in justice court here two weeks ago.

"Their (Morris and Mathews) stories are identical except for what the boy said," declared Strickland.

Five witnesses have affirmed the Mathews statement (See MORRIS, Page 11)

Three CHS students were named for outstanding work with their entries being forwarded to New York for the national judging. All keywork winners will have their work forwarded for the judging.

Hank Gerdson won two gold keys and two certificates and was selected as one of the five best entries in the show at Amarillo. His work will be among those sent to national judging in the Hallmark Art Contest where the first place winner will receive \$100.

WT Cafeteria Closed For Year

The west cafeteria at West Texas State University has been closed for the semester, according to college sources.

The older of WT's two cafeterias, the west cafeteria was closed because of a sharp drop in meal ticket sales to university students this semester.

For this purpose the Inter-Faith Council has arranged programs in conjunction with the annual Willson Lectures which will assist in acquainting students with the urgent need for trained, intelligent and dedicated young people active in the life and service of their church and useful in their vocational calling.

Dr. Pinson's first lecture, "How Long Will God Last?" will begin at 11 a.m. Monday, March 3 in the ballroom of the Student Union.

Building on the West Texas State campus. An interfaith luncheon will be held at noon at the Methodist Student Center following the talk.

Bid Goes To First Water Meet Friday Night

A meeting to organize a Randall County Water Association has been set for 7 o'clock Friday night in Randall County district court room.

Two speakers will be featured.

They are Dr. Frank Daugherty of the West Texas State University faculty and Dr. T. C. Longnecker, head of the High Plains Research Foundation at Halfway.

Purpose of the mass meeting is to organize and elect a board of directors.

Chairman for the meeting will be Charles Gerald, who heads an organizational

Election Judges Named

Members of the Canyon School Board named Bill Harp and Aubrey Crossland as judges for the April 5 trustee election and named Conway Kuykendall to hold the absentee ballots.

All appointments are subject to approval by the appointees.

Bill Davis of the city-school tax committee reported to the board that the committee should have a recommendation on the proposed consolidation of the two tax offices within 30 days.

Davis said legal aspects of the consolidation as well as the proposal to computerize the offices are still being investigated.

Board members adopted a required policy for providing free school lunches (See JUDGES, Page 11)

Set Lecture Series At WT

Dr. William Pinson, professor of Christian Ethics at Southwestern Baptist Theological Seminary in Ft. Worth, will present a series of Willson Lectures at West Texas State University March 3-5.

In preparation for Religious Emphasis Week at the university, March 22-25, Dr. Pinson will discuss four topics of interest to university students.

The purpose of Religious Emphasis Week is to present the Christian faith in terms understandable to university men and women and to point out the relevance of that faith to daily living and to the great issues of our time.

For this purpose the Inter-Faith Council has arranged programs in conjunction with the annual Willson Lectures which will assist in acquainting students with the urgent need for trained, intelligent and dedicated young people active in the life and service of their church and useful in their vocational calling.

Dr. Pinson's first lecture, "How Long Will God Last?" will begin at 11 a.m. Monday, March 3 in the ballroom of the Student Union.

"This meeting is vital to every person in the county," declared Gerald. "What is done about water as a result of this meeting could affect our ability to make a living here in years to come."

Canyon Chamber of Commerce board of directors Monday night urged all county people to attend the meeting.

Arrangements for the program Friday night were made by Gerald, Bob Lindsey and Leroy Lamb.

Dick Godwin, head of the Deaf Smith County Water Association, will be on hand Friday night to answer questions about similar associations in other counties.

Purpose of the proposed organization is to give the county a voice in any future water plans affecting this (See WATER, Page 11)

Voter Count Up To 19,339

The final voter registration count for Randall County this year has come to 19,339.

A report from the Randall County tax assessor-collector's office shows the figure to be a record for an "off-election" year.

Girl Eagles In Play-off March 8

The Canyon Girl Eagles will play for the regional championship against Stephenville at 7:30 p.m. March 8 in Snyder.

Final plans for the game were formalized Tuesday by Coach Bob Schneider.

He said the girls will play warm-up games against Spearman at 7:30 p.m. today at Sanford-Fritch and will play Springlake at 7:30 p.m. here Friday night.

Schneider said buses will be available for students wishing to go to the game in Snyder.

Slate Public School Week

Texas Public School Week, March 3-7, will be observed by schools of the Canyon Independent School District with special in-class visitations, open house activities, patriotic programs and other events.

Co-ordinating the school activities for the high school, junior high and Gene Howe and Rex Reeves Elementary Schools are R. D. Wheelock and L. H. Brotherton.

Culminating the school week activities will be a "student holiday" on Friday, March 7, when teachers from Canyon, Umlinger, Happy and Gene Howe School in south Amarillo will be among those attending the all-day sessions of the District XVI Texas State Teachers Association conference in Amarillo.

The schools encourage visitations throughout the week. Elementary students at Rex Reeves School will bring home invitations designating day and time for parent's "in-school" visitations. Parents of students at Rex Reeves will also not be encouraged to have lunch at school during the week. Refreshments will be available all week in the school halls.

In addition, Rex Reeves Elementary students of Mrs. Molly Cawthon and Mrs. Sandy Fort will present the patriotic play "This Is Our America" Monday afternoon and again Monday evening at 7:30 o'clock.

The Rex Reeves "science fair" will be displayed in the halls for the duration of public school week. The fair for students of 4th, 5th and 6th grades will be judged on Friday, Feb. 28, and winners will be recognized sometime (See SCHOOL, Page 11)

Booster Club To Elect And Plan Banquet

Election of officers and planning for the all-sports banquet for Canyon High School athletes will be the agenda for a special meeting of the CHS Eagle Booster Club to be held Tuesday, March 4.

The meeting will be held at 8 p.m. in the high school cafeteria, according to Tom Keeling, Booster president. All local residents interested in athletic programs of the schools are urged to attend.

Cookie Sales Start Friday

The annual Girl Scout Cookies will go on sale in Canyon Friday, according to Mrs. Sam Jolly, cookie sales chairman.

Sales will continue through Saturday, March 8, and local residents not contacted in the drive should call Mrs. Jolly or a scout to order.

The cookies, which sell for 50 cents per box, will be delivered to residents between April 18-28.

A new fudge cookie is among the varieties available this year. Other types of cookies will be Scot Tea, mints, Savannahs and sandwich cremes.

Proceeds from the project benefit the Canyon Girl Scout Building fund to pay off indebtedness and from each sale the scout troop making the sale will receive 5 cents profit for their project funds.

Supplemental Bid Decision Assailed

BY TROY MARTIN

Two commissioners permitted to vote on the matter allowed a supplemental bid by First National Bank in Canyon Monday and chose that firm to be the county's depository for the next two years.

David Levens, president of West Texas State Bank of Canyon, requested that the court not ask his firm to bid on the depository in the future.

Levens pointed out that his primary bid submitted two weeks ago was high and that if his bank had submitted no bid the county would have received considerably less than the maximum on time deposits during the forthcoming depository period.

"I do not enjoy being used as a lever to get better service or to obtain higher rates," Levens told the court.

West Texas State Bank in a single bid offered the county an interest rate of 5 percent on the first \$100,000 in time deposits and 6.25 percent on all above that figure. This is the legal maximum.

In its primary bid First National offered rates ranging from 4 1/2 percent to 5 percent.

Then in a supplemental bid First National offered to pay .25 percent above any other bid up to the legal maximum.

First National representatives contend that the supplemental bid was in order and equal to the legal maximum. (See BID, Page 11)

Deadline Friday For City Race

Friday is the deadline for filing for the Canyon city commission.

Two places--Places 4 and 5 are to be filled.

In the race are Kenneth Olsen, Francis Shell, Felix Pierce and Walter Shelly.

Olsen is the incumbent for Place 5 and is opposed by Shell. Pierce is the incumbent for Place 4 and is opposed by Shelly.

Olsen is a member of the West Texas State University faculty. He was appointed to fill out the unexpired term of the late Tom Foster.

License On Sale

Audrey Bruse, tax assessor-collector, has urged purchasers to buy their 1969 motor vehicle license tags within the next two weeks in order to avoid a waiting line.

Tags are on sale at the tax office in Canyon and at the court house annex in South Amarillo.

Mrs. Bruse said those having reserved numbers must pick up tags by March 15. Vehicle title and 1968 registration slip must be presented when purchasing license tags.

COOKIE SALES TIME has arrived for Canyon's Girl Scouts and Brownies. The sales campaign begins Friday. Putting up promotion posters this week were Debbie Dobbs, left, and Marcella Patterson, junior Girl Scouts.

FROM THE CANYON RIM

Awarding of the Randall County depository contract on the basis of a supplemental bid has caused an uproar of talk from one end of the county to the other.

Both Commissioners Bill Butler and Clarence Beckman have questioned the legality of the supplemental bid.

At mid-week it appeared that its legality may eventually be tested in court by a group of private citizens.

I think this would be a good thing. Even if such a bid is legal there are going to be a lot of people who will continue to think it is not unless it is settled in the court house.

Eugene "Mercury" Morris took a polygraph test

Tuesday and if nothing else absolutely concrete came out of it our community would do well to note Eugene's aversion to the word, "Nigger."

I think this aversion must be typical of the black man's attitude.

Deputy Sheriff Merle Strickland, who operates the lie detector here, said when the hated word came up during the test the machine "went clear to the top."

We can all do something toward easing racial tension in our community and country. We can erase the word "Nigger" from our vocabulary.

We should be happy to obliterate from the face of the earth and from the earshot of mankind a word which obviously brings such pain and

emotional distress to fellow human beings.

And it won't cost us a thing to do it.

I think Senator Grady Hazlewood is to be congratulated. He laid aside his personal difficulties with Governor Preston Smith long enough to make sure West Texas State University gets a separate board of regents.

The Senator put through a bill last week as an amendment to another bill before the Senate. Governor Smith said he wouldn't sign it and outlined the kind of a separate board bill he would sign.

Hazlewood immediately began work on the kind of bill Governor Smith wants. It cleared the Senate early in the week.

Proponents see few obstacles for it in the House and the governor already has promised to sign it.

I'd like to see a Randall County Development Association. This county needs some industrial growth to support our school, city and county governments.

Taxes on a home--for instance--won't provide the tax revenue needed to send the kids who live in it to school. We need industry.

A county development group could work toward bringing industry to the county and for the orderly development of the area. It's something to think about.

Slogan Deadline Is Friday

Some 200 entries have been received for the Canyon Chamber of Commerce slogan contest.

Deadline for entering is midnight Friday. All entries must be postmarked by that time in order to be eligible.

The contest is to select a slogan of 5 words or less for the city. It was suggested by W. E. "Bill" Adams.

A prize of \$50 is being offered.

Entries should be taken or mailed to Canyon Chamber of Commerce, Canyon, Texas. The Chamber office is located in the offices with the Texas Panhandle Heritage Foundation.

Flapjack Time Again

Annual 'flapjack' day for the Canyon Kiwanis Club has been scheduled for Saturday, March 8, with serving hours from 6:30 a.m. through 7:30 p.m. in the American Legion Hall.

The menu will include "all the pancakes you can eat, completed with syrup, sausage, butter, hot coffee and milk", according to Hollice Snyder, Kiwanis president.

Tickets are presently on sale from all Kiwanis members at \$1 for adults and 75 cents for children under 12. Pre-school children will be free.

Commentator Sets Speech

Harry Reasoner, journalist and news commentator for CBS News, will speak at West Texas State University at 8 p.m. March 10 in the student union building.

"Citizenship and Cynicism," will be the topic of Reasoner's speech.

Reasoner is sponsored by the Student Activities Council.

The commentator appears on CBS television morning and afternoon reports and hosts the Sunday night "CBS Reports."

He has been with CBS in New York since 1956.

The testimony of Radioman 2, C. Lee Roy Hayes, and Quartermaster L.C. Charles Law Jr., simply confirms the convictions of the average American: The

Letter To The Editor

Dear Editor:

This past Thursday, Friday and Saturday, the people of Canyon, Amarillo, and vicinity and the students of West Texas State University chose to ignore a very unusual opportunity to both see the premier of a new play and talk with the play's author. Mr. Willard Simms is a new playwright who has been recognized to be a real and growing talent. His "Variations on an Untitled Theme" is a real experience both to see and to work with. This sort of experience is not one to be wasted, and yet, the Branding Iron Theatre was far from being filled. The play was publicized on radio, TV, and in at least three papers including this one. In many areas people would gladly pay a large sum to enjoy such an experience, but for a nominal fee (free to WTSU students) the chance was almost totally ignored in this area. We thank all those people who came and supported the performances, and we hope that they enjoyed the productions as much as we enjoyed bringing them to the stage. We hope that in the future the people of this area and the students of WTSU will remember that we need their support if we are going to continue to put on productions of merit. I speak as an individual, but I feel that most of the members of our Company would agree with me. We have a contribution to make to the growth of this area along with the Amarillo Little Theatre and the new High Plains Center for the Performing Arts, but we need your help. We need an audience in order to do what we can do.

Sincerely,
Bill Jordan

Our World

men on the Pueblo would have preferred death to the brutal captivity they suffered at the hands of the sadistic North Koreans.

Our government sent the Pueblo out without means of self protection. It also refused to rescue the captured ship and crew. The lame excuse that the men's lives might be endangered was utterly ridiculous, since they preferred honorable death to humiliating captivity by barbarians of such a pip-squeak nation.

How does a government dare to question the conduct of men who were betrayed, humiliated, and dishonored as the sailors on the Pueblo were? Probably every man would have faced a firing squad rather than confess to lies dictated by the communists; but were they given that choice?

Does anything that any captive in North Korea may have said or done under inhuman torture compare with the disgrace of our government officials signing a statement they knew to be a lie?

Armed robbery, embezzlement, shoplifting, tax frauds, and students cheating on examinations raise anguished protests on the home front. Are they not all mild crimes compared to our Nation openly lying in dealing with other nations?

Certainly, the lives of the men on the Pueblo were precious. But the honor and dignity of those 82 men were much more precious--to say nothing of the honor of the 200 million Americans at home.

Life without honor has never been valued by a free people. When life becomes more important than honor, nations usually lose both.

How can anyone believe it was the lives (one cannot say the safety--they were never safe) of the 82 men that kept the government from ordering the Pueblo's rescue? There are more than twice that number of men dying every week in the war in Vietnam, and ten times that many maimed. Their lives are precious, and they are as dear to their loved ones as the Pueblo's crewmen are to theirs.

In addition to the lack of protection offered by our government to American servicemen in Vietnam, they are not even allowed to use the means at their disposal to protect themselves. The thousands who were slaughtered there while the Pueblo crewmen suffered in prison loved life too.

Hayes said he prayed night and day that an atom bomb would fall on North Korea--even though he knew it would mean his own death. If given the choice, probably all the 82 men would have preferred death in an honorable attempt to rescue them, to the ignominy of submitting to the blackmailer's lies to gain their freedom.

Paying blackmail has never been an effective means of promoting peace or freedom. The blackmailer usually returns for more as long as he is alive and free.

If puny, barbaric North Korea can hijack our ships on the high seas, kill, imprison, and torture our servicemen with impunity, who will be next? If little Cuba's miserable Castro regime can hold American citizens captive for years, and refuse to extradite American criminals for trial, who will be next? (Imagine what Teddy Roosevelt would have done.)

How can any government expect honor or respect from its citizens at home, if it refuses to demand honorable treatment from nations abroad?

Pack 97 Has Banquet

Cub Scout Pack 97, sponsored by the First Baptist Church in Canyon, held their annual Blue and Gold Banquet Saturday night in the auditorium at Rex Reeves Elementary School.

Invocation was given by Rev. Strauss Atkinson who then introduced the new Cubmaster, Dr. Hiram T. Carr, committee chairman, Charles G. Fowlkes, and pack committeemen, Weyman Brown, Jack Jones, and Billy Mayfield.

Recognition of special guests was made by Dr. Carr. They were Rev. and Mrs. Strauss Atkinson, pastor of the First Baptist Church, Mr. and Mrs. Ken Baker, Institutional Representative, and George Ochs, District Boy Scout Executive from Hereford.

"Cub Scout Spirit" was an audience participation sing-song led by Mrs. Charles G. Fowlkes and den chiefs, Brad Fowlkes and Larry Hunnicutt. Royal Brantley, associate professor of voice and director of the opera workshop at the West Texas State University, set the musical tempo and played the piano accompaniment.

A special vocal number, "There is a Name I Love to Hear", was sung by seven boys representing cubs, webelos, and boy scouts. They were Gary Phillips, Bo Fowlkes, Tommy Rives, David Green, Mike Slack, Larry Hunnicutt, and Brad Fowlkes.

The Guided Missile, Akela, Patriotics, Once There Was a Little Boy, The Making of a Boy Scout, Make America Proud of You, and Cub Scout Anniversary were the themes of the different skits put on by the boys in each den to round out the "Cub Scout Spirit" theme.

The table decorations lent themselves to the scheduled themes and little boys hands of workmanship.

Approximately 275 people attended the covered-dish supper and program.

Awards and badges earned by the boys were presented by Dr. Carr.

VOE Entrant Goes To State

Miss Lola Thomason won second place in the district competition for Vocational Office Education students at Midland during the week end.

She was entered in production typewriting division with 38 other contestants in that division.

The placing entitled Miss Thomason, a Canyon High School senior, to advance to

the state youth leadership conference to be held in Abilene March 14-15. If she wins there, she will then advance to Kansas City, Missouri, according to Mrs. Jackie McAlpin, VOE instructor at CHS.

Miss Thomason is the daughter of Mr. and Mrs. S. W. Thomason of Amarillo. She is a member of the National Honor Society chapter at CHS, serves as president of Office Education Association, and took her on-the-job training course last semester as an employee of The Canyon News in the production department.

Other CHS entries at the district contest were Wanda Wagner in shorthand dictation and ten-key adding machine; Barbara Kirkman in job application and business spelling; and Sharon Podzemny, ten-key adding machine and business spelling.

Accompanying the local VOE students was Mrs. McAlpin.

Fifteen divisions were tested in the district competition for all phases of business from mathematics, record-keeping, records and management, spelling, job applications, machine transcription, production typewriting, shorthand dictation, ten-key adding machine, verbal communication, extemporaneous communication and several events for the VOE club division.

According to Mrs. McAlpin, approximately 400 students representing 40 high schools participated in this first Area IV OEA youth leadership conference. Midland was selected because of its central location.

OEA is a youth group made up of students taking vocational office education courses in the schools of the area. VOE classes encompass both classroom study and on-the-job training.

Bufs Face Utah State At Home Tonight

Returning from a heart-breaking 122-118 rematch with Hardin-Simmons University at Abilene Monday night, the West Texas State Buffaloes face Utah State here tonight.

The Bufs defeated Utah State in Logan 102-92 last Jan. 25. Simmie Hill, 6-foot-6 Buff forward, scored 36 points, one of his highest attempts this season, in that game.

The season record for the Bufs, who lack but two games, is 16-7 with no losses at home. Utah State boasts a 10-15 won and loss ledger, with 10 losses on the road.

For Hill, Thursday night's game will probably bring him the single season scoring record at West Texas State. With 561 points to his credit, he needs only 13 points to break the season record of 573 points which he made last season. He is averaging 24.4 points a game. He also leads in the rebound department with 11.4.

Mike Mitchell, the Buff sharpshooter, is second in scoring with 17.1 points a game. James McCloud is next in line with 14.5 points and is followed by Dale Blaut with 11.1.

Listed as one of the nation's best free throw shooters, Mitchell has hit 112 of 128 giveaways for 87.5 percent. His field goal percentage, 52.8 for 141 of 267, is the team's best individual effort.

When it comes to high scorers, however, Utah State has reason to brag. Forward Marvin Roberts, who hit the Bufs in their earlier encounter for 43 points, has accumulated 665 points this season for an average of 28.9. He is ranked as the sixth best scorer in the nation.

Roberts dominates all of Utah State's top individual single-game performances. Against West Texas, he hit 19 field goals of 32 attempts for the season high. In free throw shooting, he came out on top with 15 and in rebounds he outdid his teammates against Denver and Portland with 22, nearly half of the total team efforts each game.

West Texas State plays its final game Saturday night at the Amarillo Civic Center against Colorado State of Fort Collins.

Cowboys Gun Down Hard-Pressed Buffs

The Cowboys were gunning for buffalo Monday night and with the aid of two of the sharpest shooters in the country they downed a big one.

Bill Starks, 6-3, and Mike Harris, 6-8, couldn't miss as they led the Hardin-Simmons Cowboys to a double-overtime 122-118 win over the West Texas State University Buffs before a meager Abilene crowd Monday.

Hardin-Simmons was eager to knock off the Buffaloes,

and although the Cowboys have a split season record, they never for a moment gave West Texas any reason to believe they weren't among the best in the nation.

Trailing most of the game, the Buffs were painstakingly aided to a comeback during the second half by little man Ron Howle, who put in his finest performance of the year against the tall Cowboys.

Howle, scurrying and shooting, posted 21 points for the game.

Simmie Hill, WTSU's all-American candidate, sat out the first four and one half minutes of the game because he missed the bus to Abilene Sunday and was penalized.

Nevertheless he hit 33 points for the night, well above his season average.

The loss, absolutely crucial for the Buffs, apparently knocked them out of any chance for a post-season playoff berth with either the NCAA or NIT. No word has been received on bids, which were sent out Tuesday.

Coach Dennis Walling had dreaded the encounter with Hardin-Simmons ever since West Texas pulled out a seven-point win early in the season. His dreads proved well-founded.

The Buffs just weren't in the game during the first half even though the score was tied five times. After each tie, H-SU would retrieve the ball and pound in more

points.

The largest margin the Cowboys enjoyed was at the half as both teams went to the lockers with a 50-42 Hardin-Simmons bulge on the clock.

Candlelight Ceremonies Unite Simpson-Huckaba

In a candlelight ceremony performed on Saturday, January 25, in the First Baptist Church of Tipton, Oklahoma, Miss Betty Carol Simpson of Tipton became the bride of Phillip Edward Huckaba of Carnegie, Oklahoma, formerly of Canyon.

Rev. Cal Hunter, pastor, officiated at the double-ring ceremony. Mrs. Kenneth Walker, organist, played nuptial music and accompanied Mrs. Dennis Vernon, of Stillwater, Okla., as she sang "More," "Twelfth of Never," and "The Wedding Prayer."

Mr. and Mrs. Jack Simpson, Tipton, and Mr. and Mrs. Earnest Huckaba, Carnegie, also formerly of Canyon, are the parents of the couple.

An archway decorated with greenery and wedding bells was accented on either side by four seven-branch candelabrum holding burning white tapers. Two miniature potted palm trees and baskets of gladioli and chrysanthemums enhanced the setting.

The chancel railing was lined with graduating white candles accented with plumosis fern and white bows with turquoise centers. White candles, greenery and bows also marked the pews.

David Simpson, brother of the bride and Buddy Granger, Carnegie, cousin of the groom, lit the candles.

Escorted by her father, the bride wore a formal gown of imported organza over peau de soie accented with a panel of Chantilly lace. The bodice was appliqued with seed pearls and lace, and the skirt swept into a chapel train adorned with lace. Her fingertip veil of illusion was trimmed with Chantilly lace and bows of seed pearls; it

was held in place by a crown of lace and seed pearls.

The bride carried out the tradition of something old and borrowed with a lace handkerchief, belonging to her grandmother, Mrs. A. C. Simpson, Tipton; something new, a diamond drop necklace, a wedding gift from the groom and something blue, her garter. She carried a bouquet of miniature white carnations surrounding a white orchid. Satin ribbons and tulle streamers enhanced the bouquet.

Miss Judy Pecinosky was maid of honor, Mrs. Eddie Coe was matron of honor and Miss Lynette Baxter served as bridesmaid; all are from Tipton. The attendants wore empire-style gowns of turquoise shimmer satin, with the bodice and long full sleeves of sheer accented with satindots. Scott Downing of Canyon was best man, Ushers were Dwayne King, Eakly, Okla.; Larry Dyer and Donald Ray Epperson, both of Carnegie; and Billy Lee, Durant, Okla.

The bride's mother, Mrs. Simpson, wore a pink double knit suit with black accessories. Her ensemble was

accented by a corsage of white cymbidium orchids. The bridegroom's mother, Mrs. Huckaba, wore a gold double knit dress with brown accessories and a green cymbidium orchid corsage.

A reception given by the bride's parents was held in the parlor of the First Baptist Church immediately following the ceremony. Large baskets of white chrysanthemums and gladioli decorated the parlor, and a similar bouquet was on the piano. Background music was played by Mrs. J. M. Maddox.

The reception table was covered with an imported cross-work cloth over turquoise centered with an arrangement of Fuji chrysanthemums, pompoms and burning tapers. The three-tiered wedding cake, decorated with turquoise roses, was topped with a miniature bride and groom. Miss Kelly Hicks, Oklahoma City, served the lime punch from a crystal bowl. Mrs. Donald Ray Epperson, Carnegie, served the cake, and Miss Vickie Buxton, Tipton, acted as reception hostess.

Miss Mary Jackson, Abilene, a student at West Texas State University in Canyon, registered the guests at a table covered with turquoise

cloth and net overlay. The table was decorated with an arrangement of miniature carnations and turquoise lighted tapers.

For a wedding trip to Austin, Texas, the new bride wore a blue double knit dress with a white double-breasted coat. The couple is now residing in Carnegie and attending Southwestern State College at Weatherford, Okla.

Gene Howe Cub Scouts Have Blue-Gold Banquet

Pack 130, Cub Scouts of the Gene Howe School, held their annual Blue and Gold banquet Tuesday evening in the auditorium of the Gene Howe School.

The food was box-supper style with everyone furnishing for their own families. The den mothers had baked individual cupcakes for the boys and their families with a candle on top of each cake. The lights were turned out and candles lit while the group sang "Happy Anniversary, Cub Scouts".

Presentation of the colors and the opening ceremony was by the Webelos den. The invocation was delivered by Jimmy Morrison. "Cub Scout Achievements" was the title of the color slides showing parents how to better help their sons in passing achievements.

The slides also depicted how the achievements helped to round the cub scout out in his physical, mental, and spiritual life.

Den mothers, Mrs. Bill Hall, Mrs. Don Longhofer, and Mrs. Leonard Schmidt were presented with certificates of appreciation. Recently resigned den mother, Mrs. Delbert Tennyson, assistant den mother, Mrs. Jimmy Morrison, and Webelos leader, Robert Kennedy

were given verbal recognition by cubmaster, Carl Johnson.

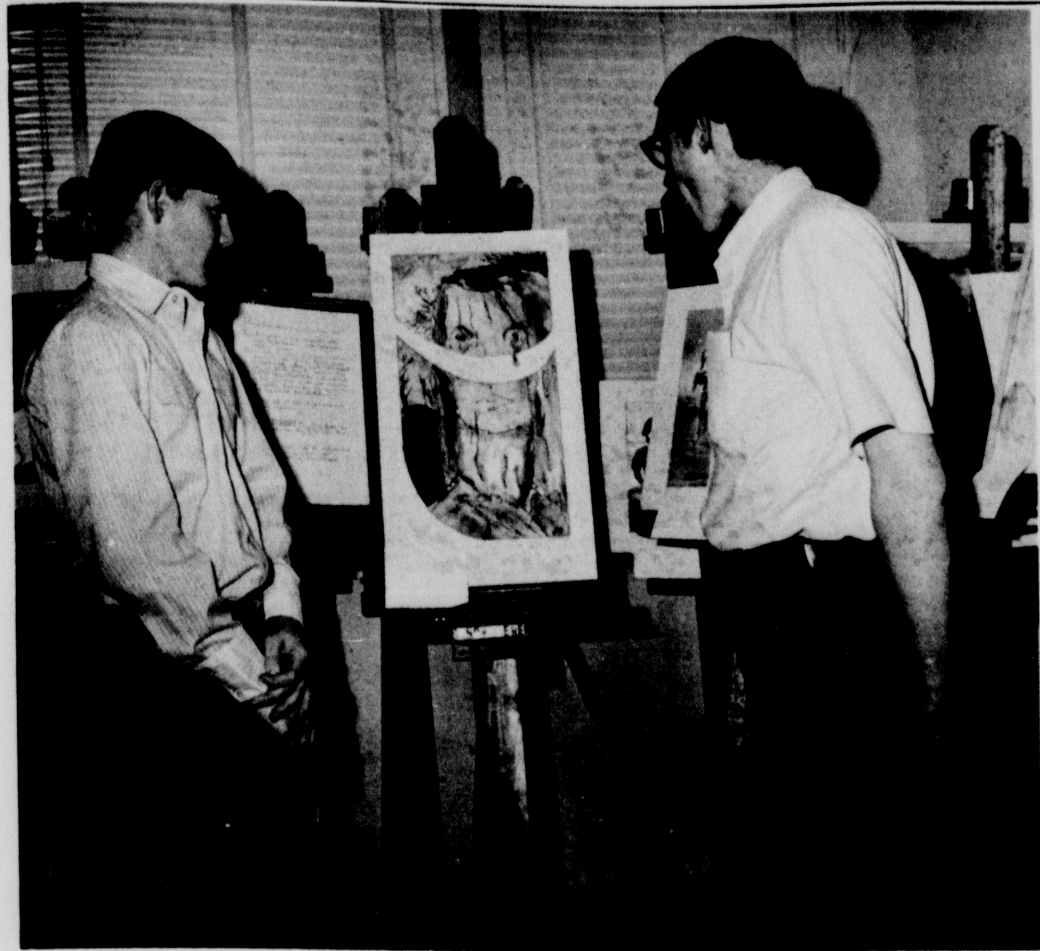

Awards presented by awards chairman Bill Hall were for Bobcat, Steve Logan. Wolf, Jay Morrison and Jesse Johnson. As a new boy receives his bobcat pin he is brought before a simulated campfire and he is branded with an ink pad into Pack 130.

Den 3 was the den that won all honors of the meeting. They won the pennant for being honor den. Decision of winner is based on achievements, uniform inspection, and attendance of the boys at their den meetings.

The "Cubby Award" was also presented to them for the largest percentage of attendance of parents.

Sixty-five persons attended the banquet and program. Mr. and Mrs. Rowland Triplett and Mary of Claude were Sunday guests in the Arvin Triplett home.

possible solutions of people-production versus food-production.

The improvement in the production of these corn and grain sorghum crops in the United States has been valuable not only because of its direct effect on our own food production capability and that of other countries, but also because it has served as an example of what can be done, an incentive for trying to duplicate our gains, according to Dr. Kramer.

Bid ...

mum.

Motion to name First National Bank was made by Glenn Dowlen and seconded by Commissioner J. I. "Jim" Fletcher. Judge Carroll Brown concurred.

Two other members of the court were excluded from voting because both own stock in West Texas State Bank. The two are Clarence Beckman and Bill Butler. Beckman is a director of West Texas State Bank.

Both Beckman and Butler had contended that the supplemental bid submitted by First National was not a bonafide bid and should not have been considered as such.

At the beginning Commissioner Fletcher expressed much the same feeling.

"This supplemental bid thing is about like one of these car dealers submitting a bid for \$2900 and then saying 'If this is not the low bid, we would like to submit a bid of \$2800,'" said Fletcher on the day the bids were received.

Levens spoke from a prepared statement at the latest court meeting held Monday of this week.

"We received the legal notice of the bid for county depository in good faith and in good faith I prepared our bid to be submitted to you," the banker declared. "It was prepared and submitted identically as was the bid submitted two years ago."

"We were not the successful bidders then and nothing was ever said in favor nor opposing the legality of either bid. The First National Bank of Canyon was the high bidder."

"Consequently, at this time I feel that our bid is superior and that the funds should be awarded justly."

It was at this juncture that the West Texas State Bank president alluded to his feeling that his firm was being used as a lever by the court.

"As you know, had I not submitted the superior bid, all this hassle would not have happened," he went on. "But neither would the county have received maximum rates on their funds."

Prior to the vote Commissioner Beckman pointed out that it was Butler who seconded acceptance of First National as depository two years ago.

"Nothing was said about him not being able to vote then," said Beckman. "I guess you can vote if you vote the right way but you can do that in Russia too."

First National President Bill Adams told the court at a previous meeting that the county stood to lose \$8,900 in interest on current time deposits if the depository were changed.

Commissioner Dowlen gave this as the reason for moving that First National be retained as county depository.

Commissioner Butler contended that the county would lose no more than \$300 or \$400 in a depository change.

Butler warned commissioners that accepting a supplemental bid in bank depository bidding could reduce bidding on county supplies and services to little more than an auction in the future.

He noted that under the precedent there would be nothing to prevent future bidders from presenting multiple bids on the same equipment or service. Bidders could, he indicated, offer their goods or service a fraction below the next lowest bidder without naming a specific price.

Beckman suggested that legality of the supplemental bid be taken up with the Texas attorney general before a depository decision was made.

Randall County Criminal District Attorney George Dowlen, son of Commissioner Dowlen, had told the court at a previous meeting that he thought the supplemental bid was in order.

"This is a miscarriage of justice," Butler said flatly after Commissioners Dowlen and Fletcher and Judge Brown had voted in favor of First National.

"I am worried about bids coming up in the future." Naming of a depository was tabled at two previous meetings.

In other business Monday the court re-appointed Dr. Dudley Moore Randall County health officer.

Mrs. Van Parrigin is home from the hospital recuperating after a stay at St. Anthony's Hospital in Amarillo.

ment that he yelled "Hey Merk!"

"I know it was wrong for me to hit the boy," Morris was quoted as having told Strickland Tuesday.

Strickland said Morris is hyper-sensitive to the word "Nigger." "When the word was even mentioned, the machine went clear to the top," Strickland declared.

The deputy said it is entirely possible that Morris is honest in what he thought he heard and that the boy also is honest in his statement of what actually was said.

Mathews is scheduled to go on the polygraph here today.

Morris currently is facing a \$19,500 suit in connection with the alleged beating.

area.

Proponents of the organization hope that within 15 years surplus water from the Mississippi may be brought to the High Plains by means of canals.

In meetings here last week Godwin said is probably will be necessary to form some type of political subdivision with a small taxing power in order to raise money to lay the groundwork necessary for bringing the water here.

He said it will be necessary to sell the people of the Panhandle and the nation if the goals are to be accomplished.

"The rest of the country must be sold on the economic importance of the Panhandle," he said. "We can't wait until our water is gone and we have nothing to sell."

News Brief

A teen party was held recently by Ruth Miller in the home of her parents, Mr. and Mrs. L. E. Miller.

Those attending were David Ritchie, Kathy and Margie Detten, Randy and Andy Costly, Valerie Decker, Kenda Hood, Keith Drumm, Ruth Moulton, and Ruth Miller.

The teenagers played games and danced as well as consuming the refreshments.

Indict Three In Rape Case

Three Amarillo boys charged with the rape of a 16-year-old girl early last Friday morning were indicted by a Randall County grand jury Wednesday.

Bills of indictment charging rape were returned against Steve Michael Martin, 17, and Joe Albert Layton, 17, both of 2701 Patterson, and Bobby Earl Moyers, 18, of 1628 N. Nelson.

A preliminary hearing was held for the trio Tuesday. The prosecutrix gave a graphic account of events leading up to the alleged assaults on her at the edge of a field south of Amarillo in Randall County.

She said the boys were to have taken her home from the drive-in where she is employed but instead they drove around some two hours, took her to a secluded spot, tore her clothing

from her and raped her.

Under cross examination the prosecutrix admitted prior unchastity but the district attorney quickly contended that this was not an issue since the state is alleging forcible rape.

Five other indictments were returned Wednesday. Roger Douglas Michael, 18, Kermit, and Larry Westley Fry, 20, Amarillo, both West Texas State University students, were indicted on burglary charges.

Three others indicted are not in custody.

Mrs. Bill Beedy is recuperating at home after a week stay in High Plains Baptist Hospital.

Vo-Ag Students Process Meats

A "meats" unit for vocational agriculture II students has moved to the laboratory where students are cutting up rabbits to simulate the actual meat carcass of beef, pork, veal and lamb.

James Walker, vo-ag instructor, said that "the students have completed the classroom paperwork and are now gaining the experience of retailing a meat carcass through the use of rabbits to simulate the breaking down of the carcass into halves, quarters, whole-sale cuts and retail cuts."

The muscling of both the rabbit and other meats are approximately alike, therefore giving a realism to the processing.

"Rabbits are the ideal carcass for the laboratory study due to the size and cost of the larger animals," concluded Walker. "From this unit, the students will gain a basic knowledge of various cuts and selection of quality of meats."
